Historic Privy Mark 230th Anniversary Flowing Hair Gold Coins

The original 1794 Flowing Hair silver dollar symbolized the birth of a new chapter in American history and the global economy. Designed by Mint Chief Engraver Robert Scot under the guidance of Mint Director David Rittenhouse, just 1,758 dollars were delivered on October 15, 1794. Fewer than 150 of those coins are estimated to survive for collectors. Today, the 1794 Flowing Hair dollar is considered one of the most challenging rarities in all of numismatics. Stack's Bowers Galleries has handled every significant example of this issue across our more than 90-year history. We set a world record when we sold the first 1794 dollar struck for over \$10 million, and we have sold numerous others for strong seven-figure sums.

To mark the 230th anniversary of the 1794 Flowing Hair silver dollar, the United States Mint has released a beautiful recreation in 24-karat gold. The obverse and reverse designs are faithful to Robert Scot's original motifs, re-sculpted by the Mint's medallic artists and struck in a captivating Proof format. Just like the original coin, this 2024 anniversary issue is denominated as one dollar which is spelled out in the lettering around the edge.

Included in this auction are the first 230 gold coins struck in this series, each featuring a "230" privy mark to designate that it is among the most significant from this historic anniversary issue. The privy mark coins offered exclusively in this sale represent the very most significant and desirable examples from an already prized modern release from the Mint. The very first coin struck will also be accompanied by the canceled obverse and reverse dies used to strike the series, presented in a custom built box that houses the coin and dies.

Rendered in 1 ounce of .9999 fine gold at the United States Mint facility in West Point, these special 2024 privy-mark flowing hair gold coins are treasures that connect today's collectors with one of the most revered rarities in numismatics. Each coin includes a unique certificate of authenticity with matching imagery, signed by United States Mint Director Ventris C. Gibson. We have also engaged with one of the leading certification services, Professional Coin Grading Service (PCGS), to provide grading expertise and custom holders for these important pieces.

THE DESIGNS *(Information courtesy of the United States Mint)*

OBVERSE: This design is a faithful rendition of the first dollar struck by the United States Federal Government. The obverse presents the original 1794 dollar with an updated “2024” date and retains the “LIBERTY” inscription. The portrait of Liberty faces right and is surrounded by 15 stars, representing the fifteen states that had ratified the Constitution by 1794. The denomination is inscribed on the edge as, “HUNDRED CENTS ONE DOLLAR OR UNIT.”

DESIGNER: Chief Engraver Robert Scot (1745-1823)

SCULPTOR: Chief Engraver Robert Scot (1745-1823); re-sculpted by John P. McGraw, U.S. Mint Medallist Artist.

REVERSE: As in the 1794 original, the reverse depicts a laurel wreath surrounding an eagle with spread wings in the center, an early predecessor of the American heraldic eagle. The inscription is “UNITED STATES OF AMERICA.”

DESIGNER: Chief Engraver Robert Scot (1745-1823)

SCULPTOR: Chief Engraver Robert Scot (1745-1823); re-sculpted by Eric David Custer, U.S. Mint Medallist Artist.

The Original 1794 Flowing Hair Silver Dollar

America's First and Most Significant Dollar Coin

The most important silver dollar ever struck -- and also one of the rarest -- is the 1794 Flowing Hair. The first coin of its kind and a major numismatic rarity in all grades with a net mintage of just 1,758 pieces, the 1794 Flowing Hair silver dollar is a coin of which legends are made. Survivors are always greeted with eager anticipation when they are offered for sale either through auction or via private treaty. Such is the importance and popularity of the 1794 Flowing Hair dollar that it has been honored with the #3 ranking in the widely distributed book 100 Greatest U.S. Coins by Jeff Garrett and Ron Guth (Fifth Ed. 2019).

Before the passage of the Mint Act of 1792, varied coinages circulated throughout the colonies and, later, states. Some were produced by the individual colonies and states themselves such as Massachusetts, Connecticut and New Jersey, and some were produced by foreign countries. Indeed, foreign coinages were accepted as legal tender in the United

States well into the mid-1800s. To our forefathers, the domestic production of coins was of national historical importance, with the production of silver dollars seen to be the most essential. The coins would not just be metallic tools of commerce, but they would be a circulating representation of our Founding Fathers' declaration to the world of the sovereignty of our great nation. Indeed the 1794 Flowing Hair dollar, the first struck of the nation's basic unit of currency, may be our nation's first and foremost tangible symbol of that declaration.

The design of the nation's first silver dollar was entrusted to Chief Engraver Robert Scot, whose obverse features the most mature evolution of the Flowing Hair Liberty portrait first featured on Augustin Dupre's *Libertas Americana* medal of 1782. By the time Dupre's Liberty found her way onto the silver dollar, however, she had been turned to the right and no longer displayed the liberty pole and cap. The basic design is superficially similar to its earliest inception, nonetheless, with Liberty's hair free flowing along the back of

Congress of the United States:

AT THE THIRD SESSION,

Begun and held at the City of Philadelphia, on Monday the sixth of December, one thousand seven hundred and ninety.

RESOLVED by the SENATE and HOUSE of REPRESENTATIVES of the United States of America in Congress assembled, That a mint shall be established under such regulations as shall be directed by law.

Resolved, That the President of the United States be, and he is hereby authorized to cause to be engaged, such principal artists as shall be necessary to carry the preceding resolution into effect, and to stipulate the terms and conditions of their service, and also to cause to be procured such apparatus as shall be requisite for the same purpose.

FREDERICK AUGUSTUS MUHLENBERG,
Speaker of the House of Representatives.

JOHN ADAMS, *Vice-President of the United States,*
and *President of the Senate.*

APPROVED, March the third, 1791.

GEORGE WASHINGTON, *President of the United States.*

W. B. E. Secretary of State.

her head and neck, thus explaining the widely used Flowing Hair name. Scot's dollar obverse exhibits 15 stars arranged around the border eight left, seven right in honor of the number of states that made up the Union in 1794. The word LIBERTY is at the upper border and the date is at the lower.

The reverse of the Flowing Hair silver dollar mirrors Scot's work for the Flowing Hair half dime and half dollar. A spread-wing eagle is surrounded by two branches bound at their base by a thin ribbon with the legend UNITED STATES OF AMERICA around the border. Curiously, the denomination is not shown on either the obverse or reverse of the Flowing Hair silver dollar

-- something that might appear as ineptitude on the part of early Mint employees to someone familiar with United States coinage of the 21st century. The omission was intentional, however, as United States coinage was new to the world market of the 18th century and the term "dollar" would have been unfamiliar to merchants of the day. To facilitate the coins' acceptance in as many quarters as possible, therefore, the Mint omitted the denomination from the design and opted to let the silver dollar's weight and precious metal content establish its value. Those willing to look closer would find the denomination on the edge, which for Flowing Hair silver dollars is lettered HUNDRED CENTS ONE DOLLAR OR UNIT with decorations between the words.

In recognition of the silver dollar's status as the basic unit of our national currency and the largest coin authorized by the Act of April 2, 1792, Mint Director Rittenhouse insisted that it be the first precious metal coin struck in the United States Mint. Difficulties in achieving Rittenhouse's goal arose immediately because bullion was lacking. The early United States Mint did not strike silver and gold coins on its own account but, rather, was dependent upon private deposits of these precious metals. The first deposit of silver to arrive at the United States Mint came from the Bank of Maryland on July 18, 1794. Composed of French coins, Assayer Albion Cox's tests of the metal's fineness averaged just .737 fine, meaning the deposit would have to be heavily

refined to bring it up to the congressionally mandated .8924 standard for silver coinage. With the refining department understaffed, Rittenhouse made a bold choice: rather than follow the letter of the law, whereby depositors received finished coins based upon the order of their initial deposits, Rittenhouse himself jumped the line. On August 29, 1794, he made two deposits, made up of silver ingots of relatively fine purity (.900 and .8665 fine) that added up to \$2001.33 worth of silver, or enough to strike almost exactly 2,000 silver dollars.

On October 15, 1794, Chief Coiner Henry Voigt delivered 1,758 silver dollars to David Rittenhouse, representing the entire mintage for the year. The Mint's workmen could have struck all these coins in a single

afternoon, using a press ill-suited for the rigors of striking the large diameter dies. Rittenhouse later received \$242.50 in half dollars, plus six half dimes, to complete the total initial deposit, but according to traditional numismatic wisdom the original mintage of 1794 dollars amounted to 2,000 coins. Proponents of this theory believe that the remaining 242 examples were judged to be underweight and/or too poorly struck to be released, with the coins either remelted or used as planchets for 1795-dated silver dollars. At least one poorly struck 1794 dollar was used as a planchet for a 1795 dollar, but since that coin's discovery in the 1960s no other examples have come to light. Alternatively, the total mintage might be just 1,758 pieces, the failure of the press under the rigors of striking these large coins ending the day's work prematurely and prompting the chief coiner to make up the balance of Rittenhouse's bullion deposits in half dollars and half dimes, as related above. We will never know for sure because no details were recorded and no ceremony was held, despite the historical significance of the event.

Of the 1,758 dollars delivered on October 15, 1794, about 135 to 150 pieces are thought to survive, a high percentage based upon most statistical survivorship models of early American coins. This high percentage reflects the early date at which collectors placed a premium on 1794 dollars. It also hints at the significance David Rittenhouse and his acquaintances must have placed upon these first United States dollars.

Producing the Historic Privy Mark 230th Anniversary Flowing Hair Gold Coins

To celebrate the 230th Anniversary of the first Flowing Hair dollars delivered in October 1794, the team at the United States Mint has brought to life an inspiring recreation for today's collectors and investors. Struck in a Proof format at the West Point Mint, these special gold coins reflect the very pinnacle of production techniques and design.

THE WEST POINT MINT

The West Point Mint was originally established in 1937 as the West Point Bullion Depository. It was intended a storage facility primarily for silver bullion and earned the nickname "The Fort Knox of Silver." Situated in the town of West Point, New York, the Mint is located just north of the United States Military Academy of the same name. The area had long been a strategic location for the United States, serving as military outpost beginning in January 1778, and it has been occupied by the United States Army continuously since. During World War II, the Depository loaned silver to the Atomic Energy Commission, as well as other industries and allies pursuant to the Lend Lease Act of 1941. The facility did not begin producing coins until 1973, when it was used to strike Lincoln cents to alleviate the production burden of the Philadelphia Mint. Beginning in 1976, it also struck Washington quarters that commemorated America's Bicentennial. The now-famous "W" mintmark was introduced on \$10 gold coins struck in 1984 to commemorate the Los Angeles Olympics that year. This was the first U.S. legal tender gold coin that had been minted since 1933. The West Point Mint also started producing Proof American Gold Eagles at the inception of the series in 1986.

Up until this point, West Point was still not an official Mint of the United States. Only the facilities in

Philadelphia, Pennsylvania and Denver, Colorado were officially designated for striking coins. The facility in San Francisco, California had been technically operating as an "assay office" since 1962. This changed in March 1988 with the passing of Public Law 100-274, which declared the "assay offices" of San Francisco and West Point as official Mints. The West Point Mint continued striking American Gold Eagles each year and was used to strike select special issues throughout the 1990s. In 2000, it became the primary production facility for the American Silver Eagle Bullion coin and it began striking American Buffalo Gold Bullion coins in 2006.

Today, the West Point Mint serves as the primary production facility for all Proof American Eagle coins including gold, silver, platinum, and palladium compositions. It is also responsible for striking all gold commemorative coins and many silver commemorative coins, as well as select special issues including the privy mark 2024 Flowing Hair gold coin. Ellen McCullom has served as Superintendent of the facility since 1999.

The People Behind the Historic Privy Mark 230th Anniversary Flowing Hair Gold Coins

(the accuracy of this information has not been verified by the United States Mint)

THE ARTISTS

Augustin Dupre, Engraver—Augustin Dupre was a prominent French engraver and medallist known for his significant contributions to numismatics, particularly in the context of American coinage. Born in 1730 in Paris, Dupre studied under renowned engraver Jacques-Édouard Gatteaux, which honed his skills in medallic art. Through his design for the Libertas Americana medal on behalf of Benjamin Franklin in 1782, Dupre helped shape the visual language of American independence, influencing not only medallic art but also the broader aesthetic of early American coinage. His portrait of Liberty featured on the medal was interpreted by Chief Engraver Robert Scot for use on the 1794 Flowing Hair dollar and it was later adapted for other denominations, including the half dollar and cent.

Robert Scot, First Chief Engraver of the United States Mint—Robert Scot was the first Chief Engraver of the United States Mint, serving from its establishment in 1792 until his death in 1823. Born in Edinburgh, Scotland, in 1745, Scot trained as an engraver before immigrating to America in 1783. He was instrumental in creating some of the earliest U.S. coin designs, including the iconic Flowing Hair and Draped Bust series. His designs reflected the neoclassical style popular in the late 18th and early 19th centuries, blending artistry with the practical needs of currency. As the first Chief Engraver, his work laid the foundation for American coinage and helped establish the Mint as a respected institution. The 1794 Flowing Hair silver dollar is perhaps the greatest relic of this legacy.

John P. McGraw, United States Mint Medallic Artist—John McGraw joined the U.S. Mint in January 2014 as a Product Design Specialist and became a Medallic Artist in March 2020. John received a Bachelor of Arts in Sculpture and Graphic Design from Rutgers University Camden. Prior to joining the Mint, his first job was as a sculptor for Carolfi Studios just three blocks from the Philadelphia Mint. At Carolfi Studios he worked on architectural restorations and installations for multiple clients around the world. John's continued thirst for knowledge and creativity led him to pursue 3-D digital artistry. Leveraging his traditional sculpting skills with his 3-D digital artistry, John created designs for many renown designers, brands, and companies, including Kate Spade, Donna Karen, Marchesa, Dansk, Walt Disney, and Warner Brothers. His talents were also utilized by multiple U.S. presidential and vice presidential administrations including those of President Bill Clinton, President George W. Bush, and Vice President Dick Cheney. For the 230th Anniversary Flowing Hair gold coin, John resculpted Robert Scot's magnificent portrait of Liberty for which the coin gets its name.

Eric David Custer, United States Mint Medallist—Eric David Custer joined the Mint in 2008 as a product designer on the Design and Engraving team and became a Medallist in September 2021. As a product designer, Eric prepared and restored hundreds of sculptures for manufacturing. He also adapted and developed digital sculpture tools to improve the production of coins and medals at the Mint. Prior to joining the Mint, he studied art at Edinboro University of Pennsylvania and he received a Bachelor of Science in industrial design from the Art Institute of Pittsburgh in 2006. He also developed manufacturing R&D and digital sculpture for various companies. For the 230th Anniversary Flowing Hair gold coin, Eric resculpted Robert Scot's majestic eagle featured on the reverse.

THE PRODUCTION TEAM

Ventris C. Gibson, 40th Director of the United States Mint—Ventris C. Gibson was confirmed as the 40th Director of the United States Mint in June 2022, after serving as Deputy Director since October 2021. She is the first African-American and only the seventh woman to serve as Director. She brings over four decades of experience in human resources and executive positions to this role, beginning with service in the United States Navy.

She joined the United States Department of Veterans Affairs from 1996 to 2003, and worked at the United States Department of Health and Human Services from 2014 to 2015. Prior to joining the Mint, Gibson served as the Director of the Department of Human Resources for the District of Columbia from 2015 to 2021. Upon her confirmation, Gibson remarked: "Since joining the Mint last October, I have been tremendously impressed by the dedication and professionalism of its workforce, and the outstanding quality of the circulation coins, bullion coins, and numismatic products made by the Mint."

Joe Menna, 13th Chief Engraver of the United States Mint—Joe Menna is an innovative and accomplished artist and sculptor who first joined the United States Mint in 2005 and was appointed as the 13th Chief Engraver in 2019 by then-Director David Ryder. Menna studied at a number of well-regarded institutions including the University of the Arts in Philadelphia, Pennsylvania, the New York Academy of Art, The Stieglitz State Academy of Art and Design in St. Petersburg, Russia, the Pennsylvania Academy of Fine Art, and the Art Students League in New York. He also worked as an instructor and sculptor at the Johnson Atelier Fine Art Foundry in Mercer County, New Jersey. Upon joining the Mint in 2005, he was the first full-time digitally skilled artist hired by the United States Mint and was critical to the development of the first digitally sculpted coins, a technique introduced by the Mint in 2006. Menna's design and sculpting work has been featured in over 60 coin and medals across the past two decades, including the 50 State Quarters Program, the America the Beautiful Quarters Program, the Lincoln Bicentennial One-Cent Coin, the First Spouse Gold Coin and Medal Program, the Native American \$1 Coin, the Presidential \$1 Coins, and many others.

Ellen McCullom, Superintendent of the West Point Mint—Ellen McCullom has been an essential part of the United States Mint team for over 40 years and currently serves as the Superintendent of the West Point Mint, a role she's held since 1999. Her career began in 1975 as a laboratory control technician at the West Point facility, which was then known as the U.S. Bullion Depository at West Point. In the 1980s she also worked at the Procurement and Contracting office at the New York Assay Office in lower Manhattan and then at the Mint Headquarters office in Washington, DC. She returned to West Point in 1984 as the Administrative Officer and the Acting Production Manager.

PROFESSIONAL COIN GRADING SERVICE (PCGS)

The Professional Coin Grading Service (PCGS) was founded in 1985 as one of the very first firms to introduce independent third-party grading and encapsulation to the coin market. Based in Southern California, it officially began operations in 1986, which coincides with the introduction of the American Eagle series. Since then, PCGS has gone on to certify over \$40 billion in numismatic items including some of the most valuable coins ever sold. To commemorate these privy mark 230th Anniversary Flowing Hair gold coins, PCGS—in coordination with Stack's Bowers Galleries—has designed custom label inserts highlighting the classic and new designs for their respective series.

Welcome to the Stack's Bowers Galleries Offering of
Historic Privy Mark 230th Anniversary
Flowing Hair High Relief Gold Coins
on behalf of The United States Mint

Dear Collectors,

I am honored and excited to welcome you to our auction of the privy mark 230th Anniversary 2024 Flowing Hair High Relief Gold Coins, presented on behalf of the United States Mint. This event is a historic milestone for United States numismatics, borne of a partnership between America's most prestigious and accomplished numismatic auctioneer and the nation's largest, oldest, and most influential numismatic institution—the United States Mint.

Our firms have come together to recognize and celebrate the 230th Anniversary of the 1794 Flowing Hair silver dollar in an exclusive auction offering of some of the most significant coins to emerge from the Mint in the modern era. Struck with care and precision under the guidance of Director of the Mint Ventriss Gibson, they serve to represent the pinnacle of this iconic series and a landmark issue among modern American coinage as a whole. Each lot presented in this important sale will represent a trophy for future generations of collectors.

In recognition of this historic offering, Stack's Bowers Galleries is also waiving the Buyer's Premium on the 230th Anniversary Coins, meaning that the highest bid on each lot (the hammer price) will be the final amount paid by the winning bidder, excluding any applicable shipping fees. These

Flowing Hair coins are also exempt from sales tax, which should encourage even stronger bidding from collectors!

This partnership represents only the third time the United States Mint has engaged with a third-party auctioneer to present a special coin to collectors, and Stack's Bowers Galleries is honored to have been selected for each of these three occasions. Stack's (in partnership with Sotheby's) was selected for the July 2002 sale of the only 1933 Saint-Gaudens Double Eagle authorized for private ownership, which went on to realize a then-world record of over \$7.5 million. More recently, the United States Mint selected Stack's Bowers Galleries to auction the special 35th Anniversary American Eagle at Dawn and at Dusk coins which realized over \$4.6 million in their September 2022 sale.

On behalf of the entire Stack's Bowers Galleries team, I wish you the best of luck in your bidding on these 230th Anniversary privy mark 2024 Flowing Hair gold coins.

Sincerely,

Brian Kendrella, President, Stack's Bowers Galleries

CREATING THE PRIVY MARK 230TH ANNIVERSARY FLOWING HAIR HIGH RELIEF GOLD COINS

The Very First 2024 Flowing Hair High Relief Gold Coin Struck

The Very First 2024 Flowing Hair High Relief Gold Coin Struck

11001

2024 230th Anniversary Flowing Hair High Relief Gold Coin. Special "230" Privy Mark. The VERY FIRST Coin Struck. With canceled Obverse and Reverse Dies. Proof-70 Deep Cameo (PCGS). 1 Troy Ounce of .9999 Fine Gold. #1 Coin Struck of 230. This is the VERY FIRST coin struck of the historic 230 anniversary Flowing Hair gold coin series, and it represents one of the most desirable rarities to emerge from the Mint in the modern era.

We had the privilege of selling the first struck of the original 1794 Flowing Hair dollars in January 2013 for \$ 10,016,875, which set a then-record for the most valuable coin ever sold. This privy mark high relief coin is the modern analogue to this classic

rarity and delivers the same inspirational design as interpreted by the Mint's artists. While copper die trials are known for the 1794 dollar, these anniversary coins offer the only glimpse at what might have been if Mint Director Rittenhouse had ordered one to be struck in gold. This coin, the VERY FIRST one struck, is the single most significant example of an already-historic series that has drawn interest from collectors all over the world.

Also included with this coin are the canceled obverse and reverse dies used to strike these inspiring pieces. The dies are housed in a custom-made box and provide an unprecedented glimpse into the Mint's state of the art production process. For advanced collectors of classic Flowing Hair coinage or modern gold rarities, this lot represents a monumental prize.

Terms & Conditions – Showcase and Collectors Choice Auctions

1. Auction Basics. This is a public auction sale ("Auction Sale") conducted by bonded auctioneers, Stack's Bowers Galleries or Stack's Bowers and Ponterio (hereinafter referred to as "Auctioneer" and at times as "Stack's Bowers"). Bidding in this Auction Sale constitutes acceptance by you ("Bidder") of all the Terms of Sale stated herein. Bidders may include consignors who may bid and purchase lots in the Auction Sale consigned by the consignor or by other consignors pursuant to their consignment agreement with Stack's Bowers ("Consignor" or "Consignors"). A Consignor that bids on their own lots in the Auction Sale may pay a different fee than the Buyer's Premium charged to all other Buyers. Stack's Bowers reserves the right to include in any auction sale its own material as well as material from affiliated or related companies, principals, officers or employees. Stack's Bowers may have direct or indirect interests in any of the lots in the auction and may collect commissions. THE TWO PRECEDING SENTENCES SHALL BE DEEMED A PART OF THE DESCRIPTION OF ALL LOTS CONTAINED IN THE CATALOG. Where the Consignor has repurchased a lot and the lot is either returned to the Consignor or otherwise dealt with or disposed of in accordance with the Consignor's direction, or pursuant to contractual agreement, Stack's Bowers reserves the right to so note in the prices realized or to omit a price from the prices realized. Stack's Bowers and its affiliates may bid for their own account at any auction. Stack's Bowers and its affiliates may have information about any lot that is not known publicly, and Stack's Bowers and its affiliates reserves the right to use such information, in a manner determined solely by them and for their benefit, without disclosing such information in the catalog, catalog description or at the auction. Bidder acknowledges and agrees that Stack's Bowers and its affiliates are not required to pay a Buyer's Premium, or other charges that other Bidders may be required to pay and may have access to information concerning the lots that is not otherwise available to the public. Any claimed conflict of interest or claimed competitive advantage resulting therefrom is expressly waived by all participants in the Auction Sale. Lots may carry a reserve ("Reserve"). A Reserve is a price or bid below which the Auctioneer will not sell an item or will repurchase on behalf of the Consignor or for Stack's Bowers. Reserves may be confidential and not disclosed. The Buyer is the Bidder who makes the highest bid accepted by the Auctioneer, and includes the principal of any Bidder acting as an agent.

2. Descriptions and Grading. Bidder acknowledges that grading of most coins, currency and cryptocurrency tokens in this Auction has been determined by independent grading services, and those that are not may be graded by Stack's Bowers. Grading of rare coins, currency and cryptocurrency tokens is subjective and, even though grading has a material effect on the value of the coins, currency and cryptocurrency tokens, grading may differ among independent grading services and among numismatists. Stack's Bowers is not responsible for the grades assigned by independent grading services, and makes no warranty or representation regarding such grades. Bidder further acknowledges and agrees that grades assigned by Stack's Bowers and lot descriptions are based solely upon an examination of the coins, currency and cryptocurrency tokens and are intended to identify coins, currency and cryptocurrency and note any perceived characteristics. However, coin grading and descriptions are subjective. Stack's Bowers does not warrant the accuracy of such grading or descriptions, nor do they in any way form the basis for any bid. All photographs in this catalog are of the actual items being sold but may not be the actual size or to scale.

3. The Bidding Process. The Auctioneer shall have the right to open or accept the bidding on any lot by placing a bid on behalf of the Consignor or his or her agent; a Bidder by mail, telephone, Internet or telefax; or any other participant in the Auction Sale. Bids must be for an entire lot and each lot constitutes a separate sale. All bids must be on increment as established by the Auctioneer, or half increment (a cut bid). Non-conforming bids will be rounded down to the nearest half or full increment and this rounded bid will be the bidder's high bid. No lot will be broken up unless otherwise permitted by the Auctioneer. Lots will be sold in their numbered sequence unless Auctioneer directs otherwise. All material shall be sold in separate lots to the highest Bidder as determined by the Auctioneer. Auctioneer shall have the right in its sole and absolute discretion to accept or decline any bid, establish bid increments, challenge any bid or bidding increment, to reduce any mail bid received, adjudicate all bidding disputes, to exclude any bidder and to determine the prevailing bid. The Auctioneer shall have the right, but not the obligation, to rescind the acceptance of any bid and place the lot(s) for Auction Sale again. Auctioneer's decision on all bidding disputes shall be binding and final. For the mail and Internet Bidder's protection, no "unlimited" or "buy" bids will be accepted. When identical bids are received for a lot, preference is given to the first bid received as determined by the Auctioneer. A mail bid will take precedence over an identical floor bid. A Floor Bidder, Telephone Bidder and Live Internet Bidder must bid higher than the highest mail bid to be awarded any lot. Cut bids are only accepted on bids greater than \$500 and each

bidder may only execute one cut bid per lot. All bids are final and cannot be cancelled or withdrawn without the express consent of the Auctioneer, in its sole discretion. Bids will not be accepted from persons under eighteen (18) years of age without a parent's written consent which acknowledges the Terms of Sale herein and agrees to be bound thereby on behalf of the underage Bidder. The auction sale is complete when the Auctioneer so announces by the fall of the hammer or in any other customary manner.

THIS IS NOT AN APPROVAL SALE. Bidders who physically attend the Auction sale, either personally or through an agent ("Floor Bidders") should carefully examine all lots which they are interested in purchasing. Bidders who bid by telephone, either personally or through an agent, or through our live auction software receive a similar benefit as Floor Bidders in being able to actively participate in the live Auction Sale ("Telephone Bidders" and "Live Internet Bidders"). Except as otherwise expressly provided in these Terms of Sale, NO PURCHASED ITEMS MAY BE RETURNED FOR ANY REASON. All prospective Bidders who examine the lot(s) prior to the Auction Sale personally assume all responsibility for any damage that Bidder causes to the lot(s). Stack's Bowers shall have sole discretion in determining the value of the damage caused, which shall be promptly paid by such Bidder.

Certain auctions or auction sessions will be conducted exclusively over the Internet, and bids will be accepted only from pre-registered Bidders.

STACK'S BOWERS IS NOT RESPONSIBLE FOR ANY ERRORS IN BIDDING. All Bidders should make certain to bid on the correct lot and that the bid is the bid intended. Once the hammer has fallen and the Auctioneer has announced the Buyer, the Buyer is unconditionally bound to pay for the lot, even if the Buyer made a mistake. Stack's Bowers reserves the right to withdraw any lot at any time, even after the hammer has fallen, until the Buyer has taken physical possession of the lot. No participant in the Auction Sale shall have a right to claim any damages, including consequential damages if a lot is withdrawn, even if the withdrawal occurs after the Auction Sale.

4. Bidder Registration Required. All persons seeking to bid must complete and sign a registration card either at the auction or online, or otherwise qualify to bid, as determined in the sole discretion of the Auctioneer. By submitting a bid, the Bidder acknowledges that Bidder has read the Terms and Conditions of Auction Sale, the descriptions for the lot(s) on which they have bid, and that they agree to be bound by these Terms of Sale. This agreement shall be deemed to have been made and entered in California. The Bidder acknowledges that the invoice describing a lot by number incorporates the catalog and Terms of Sale. Person appearing on the Office of Foreign Assets Control ("OFAC") list are not eligible to bid.

5. Buyer's Premiums. There is no Buyer's Premium in this auction.

6. Payment. Payment is due immediately upon the fall of the auctioneer's hammer. Payment is delinquent and in default if not received in full, in good funds, within fourteen (14) calendar days of the Auction Sale (the "Default Date"), without exception, time being of the essence. Unless otherwise agreed in writing prior to the Auction Sale, all auction sales are payable strictly in U.S. Dollars, Euros or Hong Kong Dollars. All invoices will be made in United States Dollars. If paying in Euros or Hong Kong Dollars, Buyer's invoices will be credited with the amount of U.S. Dollars at the rate established by the Auctioneer at the time of the Auction Sale. Payments may be made by U.S. or Hong Kong Dollar check from a U.S. or Hong Kong bank, wire transfer, money order and cashier's check. Cash transactions will be accepted at the sole discretion of Stack's Bowers, and if accepted, for any cash transaction or series of transactions exceeding \$10,000, a Treasury Form 8300 will be filed. Contact Stack's Bowers for wiring instructions before sending a wire. Bank wires sent from a foreign bank are subject to an international bank wire fee of \$35. Payment by ACH/eCheck will be accepted upon prior approval by Auctioneer. Payment by credit card (Visa, Mastercard, American Express and Discover) or Paypal will be accepted upon prior approval by Auctioneer. All payments by credit card or Paypal will incur a surcharge of 2.5%. This fee only applies to credit card or Paypal transactions, and does not exceed Auctioneer's cost of processing these payments. Payment by check, ACH/eCheck, wire transfer, money order or cashier's check will not incur a surcharge. All payments are subject to a clearing period. Checks will be subject to up to a 10 business day hold. Stack's Bowers reserves the right not to release lots for which good funds have not yet been received. On any past due accounts, Stack's Bowers reserves the right, without notice, to extend credit and impose carrying charges (as described below). Buyers agree to pay reasonable attorney's fees and costs incurred to collect past due accounts. Any invoice not paid by the Default Date will bear a five percent (5%) late fee on the invoice amount. Buyers personally and unconditionally guarantee payment in full of all amounts owed to Stack's Bowers. Any person submitting bids on behalf of a corporation or other entity, by making such bid, agrees to be personally jointly and severally liable

for the payment of the purchase price and any related charges and the performance of all Buyer obligations under these Terms of Sale and Stack's Bowers reserves the right to require a written guarantee of such payments and obligations. Bidders who have not established credit with Stack's Bowers must furnish satisfactory information and credit references and/or deposit at least twenty-five percent (25%) of their total bids for that Auction Sale session(s) or such other amount as Stack's Bowers may, in its sole and absolute discretion require before any bids from such Bidder will be accepted. Deposits submitted will be applied to purchases. Any remaining deposits will be promptly refunded, upon clearance of funds.

7. Sales Tax. Buyers will be charged all applicable sales tax unless a valid Resale Certificate has been provided to the Auctioneer prior to the auction. Should state sales tax become applicable in the delivery state prior to delivery of the property on the invoice, the Buyer agrees to pay all applicable state sales tax as required by the delivery state as of the shipping date. In the event any applicable sales tax is not paid by Buyer that should have been paid, even if not such tax was not charged or collected by Stack's Bowers by mistake, error, negligence or gross negligence, Buyer nonetheless acknowledges responsibility to pay such sales tax and remains fully liable for and agrees to promptly pay such taxes on demand, together with any interest or penalty that may be assessed by the taxing authority and agrees to indemnify and hold Auctioneer harmless from any applicable sales tax, interest or penalties due. Lots from different Auctions may not be aggregated for sales tax purposes.

8. Financial Responsibility. In the event any applicable conditions of these Terms of Sale herein are not complied with by a Buyer or if the Buyer fails to make payment in full by the Default Date, Stack's Bowers reserves the right, in its sole discretion, in addition to all other remedies which it may have at law or in equity to rescind the sale of that lot or any other lot or lots sold to the defaulting Buyer, retaining all payments made by Buyer as liquidated damages, it being recognized that actual damages may be speculative or difficult to compute, and resell a portion or all of the lots held by Stack's Bowers, in a commercially reasonable manner, which may include a public or private sale, in a quantity sufficient in the opinion of Stack's Bowers to satisfy the indebtedness, plus all accrued charges, and Stack's Bowers may charge a seller's commission that is commercially reasonable. More than one such sale may take place at the option of Stack's Bowers. If Stack's Bowers resells the lots, Buyer agrees to pay for the reasonable cost of such sale, together with any incidental costs of sale, including reasonable attorney's fees and costs, cataloging and any other reasonable charges. Notice of the sale shall be by U.S.P.S. Certified Mail, Return Receipt Requested to the address utilized on the Bid Sheet, Auction Consignment and Security Agreement or other last known address by Stack's Bowers. The proceeds shall be applied first to the satisfaction of any damages occasioned by Buyer's breach, then to any other indebtedness owed to Stack's Bowers, including without limitation, commissions, handling charges, carrying charges, the expenses of both sales, seller's fees, reasonable attorneys' fees, costs, collection agency fees and costs and any other costs or expenses incurred. Buyer shall also be liable to Stack's Bowers for any deficiency if the proceeds of such sale or sales are insufficient to cover such amounts.

Buyer grants to Stack's Bowers, its affiliates and assignees, the right to offset any sums due, or found to be due to Stack's Bowers, and to make such offset from any past, current, or future consignment, or purchases that are in the possession or control of Stack's Bowers; or from any sums due to Buyer by Stack's Bowers, its affiliates and assignees. In addition, defaulting Buyers will be deemed to have granted to Stack's Bowers, its affiliates and assignees, a security interest in: (x) the purchased lots and their proceeds, and (y) such sums or other items and their proceeds, in the possession of Stack's Bowers, its affiliates or assignees, to secure all indebtedness due to Stack's Bowers and its affiliated companies, plus all accrued expenses, carrying charges, seller's fees, attorney fees, and costs, until the indebtedness is paid in full. Buyer grants Stack's Bowers the right to file a UCC-1 financing statement for such items, and to assign such interest to any affiliated or related company or any third party deemed appropriate by Stack's Bowers. If the auction invoice is not paid for in full by the Default Date, a carrying charge of one-and-one-half percent (1-1/2%) per month may be imposed on the unpaid amount until it is paid in full. In the event this interest rate exceeds the interest permitted by law, the same shall be adjusted to the maximum rate permitted by law, and any amount paid in excess thereof shall be allocated to principal. Buyer agrees to pay all reasonable attorney's fees, court costs and other collection costs incurred by Stack's Bowers or any affiliated or related company to collect past due invoices or to interpret or enforce the terms hereof or in any action or proceeding arising out of or related to the Auction Sale. Stack's Bowers reserves the right to assign its interest to any third party. To the extent that the Buyer for any lot consists of more than one person or entity, each such person or entity is jointly and severally liable for all obligations of the Buyer, regardless of the title or capacity of such person

or entity. Stack's Bowers shall have all the rights of a secured creditor under Article 9 of the California Commercial Code and all rights of the consignor to collect amounts due from the Buyer, whether at law or equity.

9. Shipping. It is the Buyer's responsibility to contact Stack's Bowers after the sale to make shipping and packaging arrangements. Due to the fragile nature of some lots, Stack's Bowers may elect not to assume responsibility for shipping or packing, or may charge additional shipping and handling. Stack's Bowers, in its sole discretion, may not ship to select countries. Lots indicated as being "framed" or that are specifically identified in the catalog are shipped at Buyer's risk. All taxes, postage, shipping, if applicable, handling, insurance costs, the Buyer's Premium, and any other fees required by law to be charged or collected will be added to the invoice for any lots invoiced to Buyer. All lots shipped to foreign countries will be billed an additional one-half percent (1/2%) for insurance (minimum of \$10). For any lots delivered outside the country where the auction is hosted, the declaration value shall be the item's hammer price plus its buyer's premium. Auctioneer shall not be liable for any loss caused or resulting from seizure or destruction under quarantine or customs regulation or confiscation by order of any government or public authority. Buyer shall be responsible for paying all applicable taxes, duties and customs charges for all lots delivered outside the country where the auction is hosted. All lots will be shipped FOB Destination, freight prepaid and charged back. Title and risk of loss pass to the Buyer at the destination upon tender of delivery. Acceptance of delivery constitutes acceptance of the purchased lots. Inspection of the purchased lots is not required for acceptance. Any and all claims based upon Buyer's failure to receive a purchased lot, Buyer's receipt of a lot in damaged condition, or otherwise related to delivery, must be received in writing by Stack's Bowers no later than the earlier of thirty (30) days after payment, or the date of the Auction Sale (the "Outside Claim Date"). As Buyers may not receive notification of shipment, it is Buyer's responsibility to keep track of the Outside Claim Date and make timely notification of any such claim. The failure to make a timely claim, time being of the essence, shall constitute a waiver of any such claim. Orders paid by credit card will only be shipped to the verified address on file with the credit card merchant.

It shall be the responsibility for Buyer to arrange pick-up or shipping in a timely manner (within 10 days). All Lots left at our facility or under our control after an Auction Sale for more than 60 days will be sent to secure storage and incur a storage fee in the amount of \$10.00 per item per day starting upon our written notice to you and continuing until the Lots are retrieved. Ninety (90) days after the date of such notice, if the Lots have not yet been retrieved, we may sell the Lots in a commercially reasonable manner, which may include a public or private sale, in a quantity sufficient in the opinion of Auctioneer to satisfy any unpaid amounts, plus all accrued charges, and Auctioneer may charge a seller's commission that is commercially reasonable. More than one such sale may take place at the option of Auctioneer. The net proceeds of such sale shall then be applied to the satisfaction of any unpaid amounts, including the costs of storage and sale (including reasonable expenses and attorney's fee) and the excess, if any, will be remitted to you, held for your account or disposed of as required by law.

10. DISCLAIMER AND WARRANTIES. NO WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE IS MADE OR IMPLIED ON ANY LOT. NO WARRANTY, WHETHER EXPRESSED OR IMPLIED, IS MADE WITH RESPECT TO ANY LOT EXCEPT FOR WARRANTY OF TITLE, AND IN THE CASE OF TITLE, AUCTIONEER IS SELLING ONLY THAT RIGHT OR TITLE TO THE LOT THAT THE CONSIGNOR MAY HAVE AS OF THE AUCTION SALE DATE. ALL LOTS ARE SOLD "AS IS" AND WITH ALL FAULTS. PURCHASER HEREBY ASSUMES ALL RISKS CONCERNING AND RELATED TO THE GRADING, QUALITY, DESCRIPTION, CONDITION, AND PROVENANCE OF A LOT.

a. COINS, CURRENCY AND CRYPTOCURRENCY TOKENS LISTED IN THIS CATALOG AS GRADED AND ENCAPSULATED BY PCGS, NGC, CAC GRADING, ANACS, ICG, PCGS CURRENCY, PMG, PCGS BANKNOTE GRADING, CMC OR ANY OTHER THIRD PARTY GRADING SERVICE ARE SOLD "AS-IS" EXCEPT AS EXPRESSLY SET FORTH HEREIN AND MAY NOT BE RETURNED FOR ANY REASON WHATSOEVER BY ANY BUYER. ALL THIRD PARTY GRADING SERVICE GUARANTEES, INCLUDING AUTHENTICITY, ARE THE SOLE RESPONSIBILITY OF THE THIRD PARTY GRADING SERVICE AND NOT WARRANTIES OR GUARANTEES OF THE AUCTIONEER. BUYERS SHOULD CONTACT THESE THIRD PARTY GRADING SERVICES DIRECTLY WITH RESPECT TO ANY CLAIMS OR QUESTIONS THEY MAY HAVE CONCERNING THEIR GUARANTEES AND WARRANTIES. BUYERS ACKNOWLEDGE AND AGREE THAT AUCTIONEER IS NOT BOUND BY OR LIABLE FOR ANY OPINION OR CERTIFICATION BY ANY THIRD PARTY GRADING SERVICE.

Terms & Conditions – Showcase and Collectors Choice Auctions (cont.)

b. In the case of non-certified coins, currency and cryptocurrency tokens that have neither been examined by the Buyer prior to the Auction Sale, nor purchased by the Buyer or Buyer's agent at the Auction Sale, if it is determined in a review by Stack's Bowers that there is a material error in the catalog description of a non-certified coin, currency, or cryptocurrency token such lot may be returned, provided written notice is received by Stack's Bowers no later than seventy-two (72) hours of delivery of the lots in question, and such lots are returned and received by Stack's Bowers, in their original, sealed containers, no later than fourteen (14) calendar days after delivery, in the same condition the lot(s) were delivered to the Buyer, time being of the essence. Non-certified coins, currency and cryptocurrency tokens that have been either examined by the Buyer prior to the Auction Sale or purchased by the Buyer or Buyer's agent at the Auction Sale, will not be granted return privileges, except for authenticity.

c. All non-certified coins and currency are guaranteed to be genuine.

d. All certified and non-certified cryptocurrency tokens are guaranteed to be genuine only. Auctioneer disclaims any guaranty of any kind with respect to cryptocurrency tokens, including, but not limited to: face value, the contents or existence of any accounts, wallets, or other physical, digital or other receptacles of value, the existence of a cryptographic private key, or the ability to fund any cryptocurrency. Actual cryptocurrency value is neither confirmed nor guaranteed by Auctioneer.

If an item or items are returned pursuant to the terms herein, they must be housed in their original, sealed and unopened container.

e. Late remittance or removal of any item from its original container or third party graded holder, or altering a coin constitutes just cause for revocation of all return privileges.

f. Grading or condition of rare coins, currency and cryptocurrency tokens may have a material effect on the value of the item(s) purchased, and the opinion of others (including independent grading services) may differ with the independent grading services opinion or interpretation of Stack's Bowers. Stack's Bowers shall not be bound by any prior, or subsequent opinion, determination or certification by any independent grading service.

g. Questions regarding the minting of a coin as a "proof" or as a "business strike" relate to the method of manufacture and not to authenticity.

h. All oral and written statements made by Stack's Bowers and its employees or agents (including affiliated and related companies) are statements of opinion only, and are not warranties or representations of any kind, unless stated as a specific written warranty, and no employee or agent of Stack's Bowers has authority to vary or alter these Terms and Conditions of Auction Sale. Stack's Bowers reserves the right to vary or alter the Terms of Sale, either generally or with respect to specific persons or circumstances, in its sole discretion. Any variation or alteration shall be effective only if in writing and signed by an officer of Stack's Bowers authorized to do so.

i. Stack's Bowers is acting as an auctioneer. Title to the lots purchased passes directly from the Consignor to the Buyer. Accordingly, Stack's Bowers is not making, and disclaims, any warranty of title.

j. Bidders shall have no recourse against the Consignor for any reason whatsoever.

k. Bidder acknowledges that the numismatic and cryptocurrency token market is speculative, unregulated and volatile, and that prices may rise or fall over time. Stack's Bowers does not guarantee or represent that any customer buying for investment purposes will be able to sell for a profit in the future.

l. Bidder acknowledges and agrees that neither Stack's Bowers, nor its employees, affiliates, agents, third-party providers or consignors warrant that auctions will be unimpaired, uninterrupted or error free and accordingly shall not be liable for such events.

11. Waiver and Release. Bidder, for themselves, their heirs, agents, successors and assignees, generally and specifically waives and releases, and forever discharges Stack's Bowers, and its respective affiliates, parents, officers, directors, shareholders, agents, subsidiaries, employees, managers and members and each of them, and their respective successors and assignees from any and all claims, rights, demands and causes of actions and suits, of whatever kind or nature, including but not limited to claims based upon Auctioneer's negligence, whether in law or equity, tort or otherwise, whether known or unknown, suspected or unsuspected (a "Claim"), which Bidder may assert with respect to and/or arising out of, or in connection with any challenge to the title to or authenticity of any goods purchased, the sale itself, any lot bid upon or consigned, and/or the auction, except where such Claim is otherwise expressly authorized in these Terms of Sale. It is the intention of Bidder that this waiver and release shall be effective as a bar to each and every Claim that may arise hereunder or be related to the Auction Sale, and Bidder hereby knowingly and voluntarily waives any and all rights and benefits otherwise

conferred upon him or her by the provisions of Section 1542 of the California Civil Code, which reads in full as follows:

"A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR OR RELEASING PARTY DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR OR RELEASED PARTY."

12. Disputes. If a dispute arises concerning ownership of a lot or concerning proceeds of any sale, Stack's Bowers reserves the right to commence a statutory inter-pleader proceeding at the expense of the Consignor and Buyer and any other applicable party, and in such event shall be entitled to its reasonable attorneys' fees and costs. Stack's Bowers reserves the right to cancel or postpone the Auction Sale or any session thereof for any reason whatsoever. No Bidder shall have any claim as a result thereof, including for incidental or consequential damages. Neither Stack's Bowers nor any affiliated or related company shall be responsible for incidental or consequential damages arising out of any failure of the Terms of Sale, the auction or the conduct thereof and in no event shall such liability exceed the purchase price, premium, or fees paid. Rights granted to Bidders under the within Terms and Conditions of Auction Sale are personal and apply only to the Bidder who initially purchases the lot(s) from Stack's Bowers. The rights may not be assigned or transferred to any other person or entity, whether by sale of the lot(s), operation of law or otherwise. Any attempt to assign or transfer any such rights shall be absolutely void and unenforceable. No third party may rely on any benefit or right conferred by these Terms and Conditions of Auction Sale.

Any dispute arising out of or related to these Terms of Sale, the Auction Sale or any lot, with the sole exception of actions by Stack's Bowers to collect amounts owed to it and other damages, shall be submitted to binding arbitration pursuant to the commercial arbitration rules of the American Arbitration Association, with any arbitration hearing to occur in Orange County, California. Absent an agreement of the parties, the arbitrator shall limit discovery to that which is necessary to enable the hearing to proceed efficiently. The arbitrator shall not have the power to award punitive or consequential damages, nor alter, amend modify any of the terms of this Agreement. The award by the arbitrator, if any, may be entered in any court having jurisdiction thereof. Each party shall pay one-half the costs of the arbitration. Bidder acknowledges and agrees that the competent courts of the State of California shall have exclusive in personam jurisdiction, subject to the requirement to arbitrate, over any dispute(s) arising hereunder, regardless of any party's current or future residence or domicile. Bidder further agrees that venue of the arbitration proceeding shall be in Orange County, California; and any court proceeding shall be in the Orange County Superior Court, in the State of California, and in each case waive any claim of Forum Non Conveniens. Bidder agrees that any arbitration or legal action with respect to this Auction Sale is barred unless commenced within one (1) year of the date of this Auction Sale. AUCTION PARTICIPANTS EXPRESSLY WAIVE ANY RIGHT TO TRIAL BY JURY.

13. General Terms. These Terms and Conditions of Auction Sale and the auction shall be construed and enforced in accordance with, and governed by, the laws of the State of California, regardless of the location of the Auction Sale. These Terms of Sale and the information on the Stack's Bowers' website constitute the entire agreement between the parties hereto on the subject matter hereof and supersede all other agreements, understandings, warranties and representations concerning the subject matter hereof. If any section of these Terms of Auction Sale or any term or provision of any section is held to be invalid, void, or unenforceable by any court of competent jurisdiction, the remaining sections or terms and provisions of a section shall continue in full force and effect without being impaired or invalidated in any way. Stack's Bowers may at its sole and absolute discretion, make loans or advances to Consignors and/or Bidders.

14. Non-English Translation. The non-English translations are provided as a matter of convenience. In the event of a conflict, all English Terms and Conditions and lot descriptions take precedence and are binding.

Bidding in this auction sale constitutes unconditional acceptance by the Bidder of the foregoing Terms of Sale.

Please note: Transparent holders in which the auction lots are stored are to facilitate viewing and inspection of the lots and ARE NOT for long-term storage.

PCGS and NGC numbers provided are for bidder convenience only, we do not guarantee their accuracy. An incorrect PCGS or NGC number is not grounds to return a lot.
